

TECHNO&DESIGN

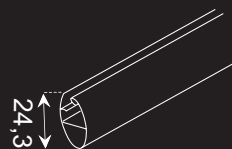

RULLI . ROLLERS

Un nome così semplice per un prodotto così complesso e articolato. Gli elementi che compongono la tenda a rullo entrano a far parte di tutti quei dettagli che fanno la differenza tra un ambiente banale e uno di gusto. Questa è la nostra Rullo.

Such a simple name for such a complex item!
All the components of a roller blind are some of the details that make the difference between an ordinary place and a tasteful room.
This is our Roller system.

fondale . bottom weight

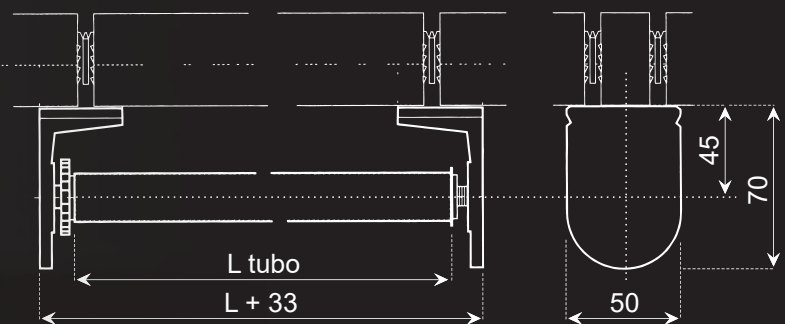

Finitura acciaio satinato
